

This year we will continue to build upon the great culture at THE Heritage! To keep this going we will focus much our conversations with kids, staff and parents around the ideas from Jon Gordon's book, The Hard Hat.

In this book he talks about "21 Ways to be a great teammate". This is not about sports, its about life and how to be successful in all our interactions.

I will place a book in each of "team leader's" mailbox the morning of August 21. (Teams attached). Please let me know if I forgot anyone, I apologize. This is a very quick read, yet powerful. Here is where the "reindeer game" comes in.....

After the first person reads the book, **I would like for that person to write one thing that resonated with them the most in front of the book (include your name) and then pass it to the next person on your team.** Once it has made the rounds, please return it to me. The first team to complete this mission will win a fabulous prize (trust me you will want this prize!)....

If you have questions, please let me know. Attached is the list of teams and order so you can peer pressure each other to get the book read and passed to the next person! Have fun!

The book challenge will begin August 21, 2015. Let the games begin....
